

**Mr. Li Junfeng, President of Chinese Renewable Energy Industries Association (CREIA); Director General of National Center for Climate Change Strategy and International Cooperation (NCSC)**

**China**

**BIOGRAPHY**

Mr. Li Junfeng is currently serving as the president of Chinese Renewable Energy Industries Association and Director General of China's National Center for Climate Change Strategy and International Cooperation. He is a member of China's National Energy Advisory Council, the Expert-Committee of National High-tech Program, and Academy Committee of China's Environmental Protection Ministry. He also serves as the vice-chairman of China Renewable Energy Society, a board member of Global Wind Energy Council, and the vice-chairman of Renewable Energy Policy Network (REN21).

Mr. Li has dedicated his 30-year career life to energy economy and energy environment studies. He was in charge of the structure and drafting of China's Renewable Energy Law and China's Medium and Long-Term Development Plan for Renewable Energy Development. He also participated in the research and drafting of China's Medium and Long-term Science Technology Development Program Outline, the draft of China's Energy Law, China's National Climate Change Program, and so on.

From 1999 to 2011, Mr. Li served as the Deputy Director General of Energy Research Institute (ERI), National Development and Reform Commission (NDRC) and the Chair of the Academic Committee of ERI for more than 10 years.

Mr. Li Junfeng's main publications are *Issues and Options of Green-House Gas Emission and Control in China*, *Assessment of Renewable Energy Technologies in China*, *Wind-Power 12 in China*, *Review of Chinese Renewable Energy Law*, and *National Strategy of Renewable Energy Development in China*.
